

Goya Suzuko

Suzuko is a bundle of energy.

Minori quickly learns that Suzuko has untapped magical energy and soon tells the kouhai. Eventually, when Suzuko's older sister, Miyu, dies of illness, Minori takes Suzuko on as an apprentice (partly to shut her up). The latter is thrilled, devoting nearly all of her efforts to her training, rising in skill remarkably quickly. Minori later brings her into MAGI, insisting that Suzuko drop the -senpai or -sensei honorifics as they are now equal partners.

Suzuko is motivated by honor, loyalty, and friendship, devoting herself to Minori's cause of protection, fueled by grief over Miyu's death. Her goal is to bring happiness to as many people as she possibly can.

Appearance:

When not wearing her school uniform, Suzuko prefers to wear cute or fashionable outfits and puts a noticeable effort into her appearance. She generally wears her shoulder-length hair down.

Battle dress: ???

Abilities:

As a Maiden, she specializes in support (ally buff/enemy debuff) and healing, preferring to attack from a distance. When forced, however, she wields a pair of small daggers she keeps in the boots of her battle dress, and her offensive magical skills are not particularly weak either. Her signature, [[Echos]], is a support spell that boosts the magical attack power of an ally significantly and increases their rate of mana regeneration.

Spells:

- Signature: [[Echos]]: Element: [Water]
Target a single chosen nearby ally (possibly herself). Boosts their magical attack power by 50% and their rate of mana regeneration by 33%.

Trivia:

- Origin of spell names:
 - Echos* refers to the spell's magical attack power amplification effect
